

LUMISIGHT

Appointment Scheduler

The LumiSight Appointment Scheduler application makes it easy for you and your customers to schedule online, in-person, and phone appointments. It simplifies staff and scheduling management and makes important interactions easier for customers, agents, and managers alike.

Benefits

- ✓ Quickly schedule online, in-person, or phone appointments for one or more locations.
- ✓ Manage staffing with multiple locations and appointment types.
- ✓ Easily cancel or reschedule appointments.
- ✓ Customize requests or questions prior to scheduled appointments.
- ✓ Feed in company-specific data for easy management.

Quick Scheduling

Breeze through appointment details with user-friendly screens and features.

Easy Management

Update capacity, locations, availability, and appointment options with just a few clicks.

Controlled Access

Create custom roles and views for different levels of management.
